EXPERIENCE

Guidex – UI/UX Designer & Front-End Developer

Feb 2026 – Aug 2026

Birmingham, UK

- Took the marketing site through three design directions, reworking it after founder feedback into the live version at guidex.uk.
- Designed and coded core product interfaces, including the in-app chat, project pages and project brief flow.
- Worked directly with the founder to incorporate review feedback and refine product screens.
- Built the site with Claude Code. Walkthrough of how I briefed it and checked the results: <https://munsb0t.github.io/munia-portfolio/guidex-build.html>

ClicksNCrumbs – UI/UX Designer

Aug 2023 – Dec 2024

Chattogram, Bangladesh

- Designed responsive interfaces for 2 web apps, from wireframes to production-ready screens.
- Ran user research, wireframing and prototyping to shape product flows before build.

6ixcvlture – Copywriter & Content Planner
